Summary of Key Decisions:

Decision ref	Key Decisions
1	Suggested to change name of 'Primary Care Visit' swimlane, as it also includes GP correspondence and events other than GP visits.
2	Agreed to accept proposed specification of Social Care review data
3	Agreed to proactively contact practices regarding re-accepting TPP invitations and work with Locality Leads to organise invitations
4	Suggested for NWL to develop functionality to drill-down into EFI deficits as part of EFI development and incorporation into Dashboards, as well as ability to dynamically categorise EFI on individually-chosen criteria
5	Suggested that quicker user rendering times could be achieved by simplifying initial views when Dashboard is opened
6	Agreed to change threshold for patient to be included on Regular A&E watch list to at least 2 visits in past 6 months
7	Agreed that previous specification of ACP Care Plan Impact Graph was insufficient – new specification and segmentation to be discussed by email
8	Agreed that priorities for addition to Release 9 are: <ul style="list-style-type: none"> • Flag for patients in a care home • Testing of pilot All Patients data • Further performance updates • Investigation of Care Plan Out-of-date logic
