Lalita Scott	ACP Service Improvement and Business Development Lead
Matt Mead	Integrated Care Programme Manager, Hammersmith & Fulham
Amanda Lucas	NWL CCGs
Jess Murray	NWL CCGs
Ben Treasure	NWL CCGs
Suhaib Rashid	NWL CCGs

### Summary of Key Decisions:

Decision ref	Key Decisions
1	Agreed to work towards getting a daily feed of Hillingdon Hospital data in the future. Agreed that daily data should be highlighted differently in the Dashboards to show that it is more up-to-date (and consequently less validated) than data from other sources
2	Agreed to delay loading of All Patients' data for Brent practices, as some have raised objections. Agreed to proceed with loading of All Patients' data for all other areas
3	Agreed to deploy Asthma radar with only minor updates as part of release 10
4	Noted that work on audit of secondary care access would be needed before the Diabetes Radar can be fully deployed. Agreed to audit access to Patient Search, Patient Radar and Watch Lists
5	Agreed that, specification for inclusion of Date of Diagnosis in Dashboards should be the first instance of diagnosis. Noted that this may not be available in Acute data as only the last 2 years are available
6	<p>Agreed that the following development items are prioritised by the Clinical Advisory Group for inclusion in the next release:</p> <ul style="list-style-type: none"> <li>• IAPT data</li> <li>• Urgent Care data</li> <li>• Frequent use radar/watch list</li> <li>• Audit for secondary care users of the dashboards</li> <li>• Imperial direct A&amp;E feed</li> <li>• BNF groupings?</li> <li>• Direct community feeds from Imperial?</li> <li>• DNA to include primary care?</li> <li>• Remove admin activity from primary care?</li> <li>• Provision of EFI deficits??</li> </ul>

	<ul style="list-style-type: none"> <li>• Addition of medications groups to Diabetes Radar</li> <li>• Scoping of additions of MHMDS</li> <li>• Loading All Patients' data</li> <li>• Scope inclusion of London Ambulance Service data</li> <li>• Establish costs &amp; evidence for Macmillan Qcancer algorithm</li> </ul>
7	Agreed for NWL to consider how to align the Dashboards programme to the Right Care priority areas, and gain direction on the future LTC priorities for development on the WSIC platform

### Summary of actions arising:

Action ref	Action	Owner	Due date
1	NWL to contact Richard Baxter to organise test of TPP data for Hounslow practices	NWL	
2	Lalita Scott to provide details of an EMIS practice that would be willing to pilot the Asthma Radar	Lalita Scott	
3	NWL to contact CNWL & WLMHT to explore feasibility of setting up direct IAPT data feeds & impact on Fair Processing notices (given self-referral to this service)	NWL
